QUALITY CONTROL

# Who we are

**Quality Control for Air Conditioning & Ventilation**

**is a leading contracting company in Kuwait, recognized for reliability and customer-focused performance.**

**We provide comprehensive HVAC solutions, including commercial, residential, and maintenance contracting, installations for all major international brands, and annual maintenance services.**

**Our commitment is to deliver top-quality service at competitive prices.**

# Vision

To be Kuwait's most trusted name in air conditioning and ventilation services, setting the standard for quality, innovation, and customer satisfaction across every project we deliver.

# Mission

Our mission is to provide reliable, energy-efficient, and cost-effective HVAC solutions through expert engineering, professional service, and continuous improvement. We aim to build long-term partnerships with our clients by ensuring comfort, performance, and value in every installation and maintenance service we offer.

## Why choose us

### Focus On Getting Our Jobs Done Quickly

- Proven Experience more than 20 Years of successful projects
- Skilled engineers and technicians dedicated to precision
- Installation and servicing of all leading HVAC systems
- 24 / 7 availability for all emergency services
- We ensure quick, professional service delivery
- Clear communication and updates on service arrival

# Our Binifits

## Emergency Service

Our team is available 24/7 to handle urgent AC repairs and breakdowns. We respond quickly to restore cooling and keep your system running when you need it most.

## Satisfaction Guarantee

We stand behind our work with a full satisfaction guarantee. Every service is delivered with care, quality, and a commitment to exceeding your expectations.

## Reliable Parts & Equipment

We use only high-quality, genuine AC parts and equipment to ensure lasting performance, efficiency, and peace of mind for every installation and repair.

## 20 Years of Experience

Our skilled technicians bring over 20 years of hands-on experience in AC installation, maintenance, and repair — ensuring every job is done with precision and professionalism.

# Our Services

## **Air Conditioning Installation**

We provide professional AC installation for Mega Projects , and commercial spaces. Our experts ensure proper system design, placement, and testing for maximum efficiency and comfort.

## **Air Conditioning Repair**

Keep your system running smoothly with our regular maintenance service. We inspect, clean, and tune your AC to prevent breakdowns and extend its lifespan

## **Maintenance Service CONTRACTS**

Keep your AC running efficiently all year with our tailored maintenance contracts, including regular checkups and preventive care.

## **VRF Solutions**

We provide advanced VRF systems designed for energy efficiency and precise climate control. Ideal for villas, offices and large buildings, our VRF solutions deliver powerful performance with flexible zoning and smart operation.

## **HVAC Consultation**

Our expert consultation service, helps you choose the right HVAC solutions for your project. Get professional guidance on system design, energy efficiency, and performance optimization.

## **HVAC Supplier**

We supply high-quality AC units like VRF, Chilled water systems, AHU, Precession Units, Package and Ducted Split unit and Mini Split Units from top brands. Get reliable, energy-efficient systems with full support and genuine products.
